About Trisha Friedeberg

The Special Needs Planning Symposium, Moving to Mastery, LLC, and The Urbatsch Law Firm, P.C. are pleased to announce the establishment of the Trisha Friedeberg Special Needs Planning Symposium Scholarship. This scholarship is designed to support law students or attorneys with less than five years of experience who are passionate about special needs and conservatorship law.

Trisha Friedeberg was a dedicated advocate for individuals with special needs and a respected attorney specializing in conservatorship law. Her unwavering commitment to this field inspired this scholarship in her honor, ensuring her legacy continues to positively impact the lives of our country's most vulnerable persons.

Trisha Friedeberg was a partner with Kato, Feder and Suzuki, LLP in San Francisco. She concentrated on conservatorships, trust and probate administration and litigation, special needs trusts, long-term care planning, and estate planning. She represented professional and non-professional fiduciaries, as well as interested third parties. Ms. Friedeberg volunteered with organizations that assist the elderly for many years, including the Seniors at Home Program at Jewish Family and Children's Services. She received her undergraduate degree from the University of California at Davis and her law degree from the University of San Francisco. She is sorely missed by all who knew her.

The Trisha Friedeberg Special Needs Planning Symposium Scholarship provides a unique opportunity for promising legal professionals to attend the three-day Special Needs Planning Symposium in Napa, California, at the luxurious Meritage Resort and Spa. The Symposium offers comprehensive insights into the evolving landscape of special needs and conservatorship law, equipping attendees with the knowledge and skills to make a meaningful impact in this vital field.
