WORKS IN PROGRESS

The Other Footnote (essay on the *Dobbs* Court's misreading of *Geduldig v. Aiello* footnote 20 and on what that misreading portends for another foundational footnote – *Carolene Products* footnote 4).

Dobbs and the Maternal Certainty Justification for Sex Discrimination (essay arguing that *Dobbs* paradoxically weakens an argument for sex discrimination as old as *Roe v. Wade*—that women, but not men, prove their parental commitments through the voluntary decision to carry a pregnancy to term).

Breast Practices (essay arguing that the nation's "breast practices" demonstrate how even the most overt forms of sex discrimination find continued shelter in sex equality jurisprudence).

Anti-Trans Laws and the End of Jane Crow (essay arguing that the anti-trans laws and bills sweeping the nation should eventually curtail the states' power to define sex just as Jim Crow laws eventually curtailed the states' power to define race).

MEDIA CONTRIBUTIONS

Interview with Spike Cohen from Muddied Waters Media (podcast) (discussing anti-trans laws) (aired May 13, 2021).

Interview with Gina Jordan from WLRN (Miami), South Florida's NPR affiliate (discussing marriage equality in Florida and nationally as well as the emerging conflict between marriage equality and religious freedom) (aired February 3 and 4, 2015).
